

Dear Infinity Homes Family,

Your health and safety is important to us. Due to growing concerns about COVID-19, we wanted to share with you some procedures we have put in place for the foreseeable future.

First let us assure you, Infinity Homes is here to stay. Both the housing market and our company remain strong and we'll be here to finish and warranty your home.

With that thought, we want you to know a few things. Infinity Homes is postponing any and all non-critical warranty appointments. We have directed our trade partners to do the same, however, should you have an emergency to the mechanics of your home i.e, plumbing, electrical, HVAC-please call the trade directly for service. We have encouraged good behaviors from our staff as directed by the CDC and have advised them to postpone any meetings that you may have scheduled with them.

We look forward to getting back to business on a more normalized schedule and are confident this will all pass. As always, feel free to reach out to our team with any questions.

Sincerely,

The Infinity Homes Team
